

Admission - Paediatrics

Workflow Guide

When filling out the Paediatric Admission Rule there are mandatory fields that must be completed. This quick reference guide will guide you to filling out the admission forms.

The admission rule will fire for:

- Patients aged 0-16years, admitted to the Children’s Inpatient Unit (CIU).

The admission rule will NOT fire for:

- Patient’s admitted to CIU from Children’s Short Stay Unit. The nurse will need to manually order the admission rule for these patients.
