Agency ieMR Training eLearning module

All agency nurses must have completed the eLearning module prior to attending the ieMR Nurse Training course. This module is hosted on Queensland Health (QH) Learning Management System (LMS), iLearn.

Preparation Before you start the eLearning module

1. Open (or [Download](#) then open) Internet Microsoft Edge.
If you don't have Edge download it from [here](#). Please note that iLearn don't recommend using iPad or a smart phone to complete the eLearning, as these devices are not compatible with the iLearn System.
2. Access iLearn from this link <https://ilearn.health.qld.gov.au/d2l/login>.
3. On the homepage, scroll down. Click *Register here for an iLearn account*.

First time here or need help?

[Register here for an iLearn account](#) | [System Check](#) | [Reset your Password](#) | [Help Centre](#)

4. For Account types, click *Volunteer and Agency employees by non-Queensland Health healthcare provider*.

Completion of eLearning

- Please advise your Nursing Agency that you have completed the pre-requisite eLearning module on iLearn.
- There is an option to have a certificate of completion printed at the end of the eLearning module. Confirm with your Agency if they require a copy of the certificate.

Tips

- The forward button at the bottom of the eLearning module screen should allow you to move past if any issues.

Our **DIGITAL HEALTH** Service

- iLearn is monitored it contains a function to determine duration taken to complete the module, Learning activity is audited it will be noticed if the module is completed in the timeframe shorter than anticipated.
- eLearning module can be relaunched and retaken multiple times.
- If eLearning is closed halfway through the nurse should note what chapter they exited at as when it is re-launched eLearning module resets to the start.
