

PharmNet – Action Modify

Quick reference guide

1. Log in to *PharmNet*.
2. Search for the patient using the search box in the top left-hand corner

3. From the *Acute Profile*, for orders which have previously been verified but need modification, choose the *Modify* action from the drop down box

5. Click *Apply* and the following window will launch

6. The same fields that could have been edited when performing a *Verify* action (see relevant QRG) can be changed here. Any yellow fields are compulsory and must be filled.

7. To finalise, click *OK* then *Submit*.
